DEVELOP

ineo⁺ 31P

colour & monochrome | 35 ppm

Fast, compact, first-class

Greater efficiency,
significant economies

One printer for a whole workgroup or small business is fine – until several print jobs are needed at once, and the printer becomes a bottleneck. The answer is to invest in a printer that is fast enough to avoid such costly delays and is built for a multi-user print volume. The ineo+ 31P from Develop has the capacity and speed you need, delivers top-quality prints and comes in a compact design with numerous finishing options – more than other printers in its class can offer.

Quality that counts

Technological advances and greater product diversity have raised customer expectations. The ineo+ 31P has been specifically designed to meet these enhanced expectations. Its polymerised HD Toner delivers brilliant colour prints and razor-sharp black&white documents. And this high print quality comes with no strings attached because this printer is economical to use and environmentally sound. Since the ineo+ 31P delivers brilliant colours and even prints banners of up to 1.2 m in length, you can now produce eye-catching advertising material in-house – and draw your customers' attention to what really counts: your business and its products or services.

Excellent value for money

The ineo+ 31P is excellent value for money. First, its running costs are lower than many printers in its class. That reduces overall document production costs. Second, the ineo+ 31P comes with a variety of cost-control functions so restrictions can be imposed on who can print in colour and how much. Convincing answers to the question of how to control print costs.

A class of its own

The versatility and striking design of the ineo⁺ 31P put this office printer in a class of its own.

High-class performance

At 35 pages per minute in colour or black&white, the ineo⁺ 31P has the speed you need. That saves the delays so often faced by multiple workgroup users. Moreover, this printer's compact, attractive design and quiet running mode ensure it will be a welcome addition to any office. Speed isn't everything, of course, so this printer also has several other advantageous features. The polymerised HD toner ensures documents do not fade and are significantly more peeling-resistant when they are folded. The powerful ineo controller offers PS, PCL and with the optional 40 GB hard disk even XPS support. And you can optionally print straight from a USB stick, which saves time and effort.

ineo⁺ 31P with additional cassette

ineo⁺ 31P with staple finisher, duplex unit, two additional cassettes and a copy desk

Convenient flexibility

The ineo⁺ 31P is an extremely flexible office printer. A6 to A4 sheets of up to 210 g/m² and banners of up to 1.2 metres in length are no problem at all. The optional 30-sheet staple finisher is an extremely convenient feature, especially when printing presentations, contracts, documentation, etc. And since the output tray can hold up to 600 sheets and the printer's memory can be expanded to 1024 MB, you need not worry about capacity problems in your office.

Easy integration and management

The ineo⁺ 31P can easily be integrated into any office network and supports Windows, Mac and Linux environments. This printer also comes with useful accounting functions such as access or volume restrictions and offers network administrators a time-saving device management tool. Last but not least, DEVELOP can supply numerous software solutions to optimise document production processes in your office.

ineo⁺ 31P – a big boost to productivity

General Data

Type of machine
Desktop system (printer)

Printing and copying speed
A4
Max. 35/35 ppm (colour / black & white)

Print system
Laser

Paper feeder
Standard: 600 sheets, max. 1,650 sheets
500-sheet cassette (A4, 60–90 g/m²)
100-sheet bypass (A6-A4+, 60–210 g/m²)
For standard paper, envelopes, glossy media,
OHP, thick paper, banner paper

Paper format
Max. 216 x 356 mm
Max. 216 x 1,200 mm banner paper

Printable area
Max. 207.6 x 347.6 mm
Max. 207.6 x 1,191.6 mm banner paper

Warm-up time
Less than 52 seconds

Dimensions (w x h x d)
420 x 420 x 525 mm (without options)

Weight
Approx. 33.4 kg without options/consumables

Power
230 V / 50/60 Hz

Print Specifications

Controller
Embedded controller with 867 MHz

Memory
256 MB RAM, max. 1,024 MB
40 GB HDD optional

Resolution
Max. 9,600 x 600 dpi
(with Contone Technology)

Network protocols
IPX/SPX, TCP/IP, Ethertalk, IPP, SNMP, HTTP,
HTTPS

Emulation
PCL 5e/5c/6, PS 3, XPS (with optional HDD)

Interfaces
Ethernet 10/100/1000 BaseT, Parallel, USB 2.0

Driver
Windows 2000/XP/XP64/Vista32/Vista64,
Server 2003/2003 x64, Mac OS 10.x, Linux

Print functions
Banner printing, Cover mode, Watermark,
N-up function
Optional: Duplex, Secure printing,
Direct Print of TIFF/PDF/JPG/XPS documents

Options

Max. 2 x 500-sheet cassette (A4; 60-90 g/m²)
Duplex unit (60-90 g/m²)
Finisher with 30-sheet corner stapling
256/512 MB memory upgrade
40 GB harddisc
CF Card Adapter
Copy desk

Workflow utilities

Print pool manager load balancing (optional)
Data Administrator
Enterprise Device Manager
NDPS Gateway
EMS Plug-in7
