ineo⁺ 20

colour & monochrome | 24 ppm

All-round power for your office

Powerful, economical – and compact

How do you print, copy, scan and fax in your office, workgroup or small department? If several devices have done the job up to now, it's time you had a serious look at the ineo⁺20 from Develop. This new multifunctional office device gives you high-quality output in colour or black and white – at a surprisingly low price. So you can keep your document production costs low without compromising on quality.

Professional quality

Develop is renowned for the professional quality of its output. This multifunctional machine is no exception. Though designed for workgroup or small department use, the ineo⁺ 20 prints, copies, scans and faxes to professional standards – with no compromises on quality. This is partly due to the machine's ineo HD toner with ultra-fine particles that give you smoother and more natural images, richer gradation and sharper text. Another advantage is the machine's A4 print and copy speed – 24 ppm is ideal for your office environment.

Low running costs

The cheapest multifunctional devices frequently prove the most expensive in the long run. Although their purchase price is low, your lifetime running costs will be high because those "cheap" devices are so expensive to operate. The ineo⁺20, in contrast, has been designed to deliver low running costs and a price per page that takes some beating. Add to that the option of professional service and support from your Develop dealer and you've got a great deal with excellent value for money.

Multifunctional convenience – on your desk

Whatever office function you need – printing, copying, scanning or faxing – the ineo+ 20 gives you no-compromise multifunctionality and takes up very little space.

Impressive printing

> Productive solution for your office: 24 ppm in colour or black and white
> Direct printing from your USB stick (optional) saves time and effort
> No time-wasting delays thanks to fast first-page printing time
> Paper-saving duplex printing standard – few can match that
> Easy network integration due to simple installation (plug and play)

High-end copying

> Many "big copier" functions – within easy reach on your desktop
> Money-saving automatic colour recognition so colour toner is only used when needed
> Time-saving scan-once-print-many function for multiple copies
> User-friendly 50-page automatic document feeder (ADM) integrated

ineo+ 20

Simple scanning

> Up to 24 pages per minute scanned in colour or black and white
> Practical automatic scanning function via ADM duplex document feeder
> Time-saving Scan to e-mail or – to USB stick functionality
> Documents scanned as PDF, TIFF or JPG files

User-friendly faxing

> Professional-standard fax functions – ideal for work groups or small departments
> Useful fax memory for up to 250 pages
> No incoming faxes lost if the paper has run out
> Easy faxing straight from your PC
> Smart functions such as delayed transmission, automatic redial and address book

ineo+ 20 with optional 500-sheet cassette

ineo⁺ 20

General Data

Type of machine
Desktop system (built-in scanner)

Printing and copying speed
> A4
Max. 24/24 ppm (colour / black & white)

Print system
Laser

Gradation
256

Paper feeder
> Standard: 350 sheets, max. 850 sheets
> 250-sheet cassette (A6-A4, 60–90 g/m²)
> 100-sheet bypass (A6-A4+, 60–210 g/m²) for
   standard paper, envelopes, OHP, thick paper

Paper format
Max. 216 x 356 mm

Printable area
Max. 207.6 x 347.6 mm

Warm-up time
Less than 58 seconds

Dimensions (w x h x d)
539 x 578 x 590 mm (without options)

Weight
Approx. 55 kg (without options)

Power
220 V / 50/60 Hz

Print Specifications

Controller
> Embedded controller with 500 MHz

Memory
Controller uses system memory
> 256 MB RAM, max. 768 MB
> 40 GB HDD optional

Resolution
Max. 9,600 x 600 dpi
(with smoothing technology)

Network protocols
IPX/SPX, TCP/IP, Ethertalk, IPP, SNMP, HTTP,
HTTPS

Emulation
PCL 5e/5c/6, PS 3, XPS (with optional HDD)

Interfaces
Ethernet 10/100/1000 BaseT, USB 2.0

Driver
Windows 2000/XP/XP64/Vista32/Vista64,
Server 2003/2003 x64, Mac OS 10.x, Linux

Print functions
> Electronic sorting, Duplex print, Cover mode,
   Watermark, N-up function
> Secure printing and Direct Print of TIFF/PDF/
   JPG/XPS documents as option

Scan Specifications

Type of scanning
Scan to E-mail/FTP/SMB/USB, TWAIN-Scan,
Windows WIA-scan

Resolution
Max. 600 x 600 dpi

Scanning speed
Max. 24 ppm

Size of originals
A5 to A4

Scanning formats
PDF, JPEG, TIFF

Scan adresses
Max. 220

Copy Specifications

Document feeder
> Duplex document feeder (standard)
> 25 sheets (50–128 g/m²)
> A6 to A4

Copy pre-selection
1 – 99

Zoom
25 – 400 % in 1 % steps

First A4 copy
28/25 seconds (colour / black & white)

Memory
256 MB RAM, max. 768 MB

HDD
40 GB HDD optional

Resolution
600 x 600 dpi

Copier functions
Electronic sorting, duplex, 2/4-to-1 copy

Fax Specifications

Compatibility
G3/Super G3, MH, MR, MMR, J-BIG/ECM,

Transfer rate / transfer speed
33.6 kBit/s, 3 sec. ITU-No. 1

Fax memory
6 MB for up to 250 pages

Fax functions
Time shift, PC-Fax, Receipt to email

Options

> 500-sheet cassette (A4; 60-90 g/m²)
> 256/512 MB memory upgrade
> 40 GB harddisc
> CF card adapter
> Copy desk

Workflow utilities

> Workware document management (optional)
> Print pool manager load balancing (optional)
> Enterprise Device Manager
> NDPS Gateway
> EMS Plug-in
